📢 Attention students! We are delighted to announce the Quantum Machine Learning Summer School, organized jointly by Kyiv Academic University, Trinity College Dublin, Bogolyubov Institute for Theoretical Physics NAS of Ukraine and Institute of Mathematics NAS of Ukraine.

In order to understand the state-of-the-art QML the program offers introductory lectures on Quantum Computing, Machine Learning and Quantum Algorithms. Through the series of lectures and workshops, including the construction of the Quantum Circuits in Qiskit, participants will obtain sufficient background in Quantum Machine Learning for STEM students.

Following this are series of lectures on the modern topics of Quantum Machine Learning from the leading researchers in the field and representatives from industries.

📅 Time: 26th-30th of June, 2023

🏫 Place: Online
