

AGREEMENT

ON THE SCIENTIFIC COLLABORATION BETWEEN

Institut für Physik, Universität Rostock, Germany

and

**Bogolyubov Institute for Theoretical Physics of the
National Academy of Sciences of Ukraine, Kyiv, Ukraine**

Institut für Physik, Universität Rostock, Germany and Bogolyubov Institute for Theoretical Physics of the National Academy of Sciences of Ukraine referred to in the following as "The Parties", recognizing the importance of international scientific cooperation and exchange of scientists, and strongly wishing to develop a collaboration between scientists, came to the following agreement:

Article 1

The Parties will establish a cooperation in the field of the theoretical, experimental, and computational physics. The Parties will carry out common scientific research on problems and subjects of mutual interest.

Article 2

The Parties will carry out the scientific collaboration primarily in the form of common scientific papers. Contents, exchange of scientists, duration, and other details will be determined by working plans jointly agreed upon following suggestions of the scientific institutions participating in the collaboration.

Article 3

The Parties will do the exchange of scientists with the aim to accomplish joint scientific research, give lectures and become acquainted with specific scientific research. Both Parties can invite separate scientists of another Party into its country for scientific visits. Each of the Parties will assist such visits. Financial conditions for these visits will be determined in each separate case in accordance with a mutual agreement. In particular for students, the joint scientific researches can lead to common theses under the simultaneous supervision from both Parties.

Article 4

In the framework of this Agreement the Parties can organize bilateral conferences on specific scientific problems by using mutual contracting. Subjects financial and other conditions for the organization of such conferences will be agreed by the Parties in each separate case.

Article 5

The present Agreement is made for three years and comes into effect on the day of its signature. The period of validity of this Agreement will be automatically renewed every time for the next three-year period if none of the Parties sends to the other Party a letter about its wish to discontinue the Agreement.

Signed in the cities **Rostock** and **Kyiv**.
